

CHILDREN'S HOSPITAL COLORADO PRESENTS

# Virtual Education Series: Identifying Non-Accidental Trauma in Pediatrics

Thursday, July 16, 2020 • 12 to 1 p.m.

Teleconference (Zoom Link and Instructions sent upon registration)

## Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for the evaluation, treatment and management of pediatric patients with non-accidental trauma. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide direction on clinical practice. As a result of this activity, learners will be able to apply new knowledge related to non-accidental trauma in order to provide current, evidence-based care to pediatric patients.

## Objectives

Upon completion of this session, participants should be able to:

1. Explain the relationship between clinical history and physical abuse diagnosis
2. Identify when to screen for occult injury
3. Discuss common physical abuse injuries

## Faculty from Children's Hospital Colorado / University of Colorado

Antonia Chiesa, MD

Associate Professor of Pediatrics

University of Colorado School of Medicine

Clinical Medical Director, Kempe Child Protection Team

Children's Hospital Colorado

**Disclosures Faculty** - none

Planning Committee - none
